

Relax outdoors,
whatever the weather

All weather solution

Make the most of outdoor living.

The Lakeland Patio Roof offers the perfect, permanent all weather solution.

The Lakeland Patio Roof collection from Lakeland Home Innovations is suitable for the home and garden as well as for commercial and educational use. Providing shelter from rain and offering UV protection, Lakeland Patio Roofs add value to your home or business and protect your valuable assets from deterioration through bad weather.

The Lakeland Patio Roof is bespoke and made to measure to meet your exact requirements, making it ideal for large spaces or as a covered walkway. Strong and durable aluminium structure, with your choice of glass or polycarbonate roof.

Lakeland Patio Roof

Perfect permanent all weather solution.

Made from extruded aluminium and durable polycarbonate, the Lakeland Patio Roof is made to measure and arrives ready to assemble. Construction is simple taking no more than 1-2 days by our fully trained, qualified professionals.

Residential, Commercial and Education Applications

The Lakeland Patio Roof suits a variety of applications, including patio and garden covers for the home and outside dining or smoking shelters for bars, cafés and restaurants. The permanent roof system is also an ideal all weather solution for nurseries and schools to increase functionality of outdoor play spaces.

The all weather permanent roof can also provide a unique carport solution. This simple but robust design can cover wide areas and is made to measure to meet your exact requirements. If you do not have a garage this is the perfect protective and attractive solution for the conscientious vehicle owner.

Range of finishes

Available in 3 standard colour ranges, 3 textured colour ranges and can be powder coated to RAL colours. The maximum width is 7000 mm in one section but can be joined to achieve a longer width if required. Maximum projection of 4000 mm.

For the home

Shelter from the rain and protection from the sun.

Whether you want to wander into the garden with your children or open a book on the patio, with the Lakeland Patio Roof you'll never have to worry about the weather. With our patio roof protection you can plan a family garden party, or a barbecue with friends, without fearing you'll have to cancel at the last minute.

Protect items of value from the elements all year round – from bikes to a hot tub, a caravan to your car.

The Lakeland Patio Roof is suitable for a wide variety of residential applications, including:

Lakeland Home Innovations

Lakeland Home Innovations provide contemporary and stylish solutions to enhance your home, including stunning glass houses, patio roofs, retractable awnings and garage doors – bringing light, life and warmth to your home.

Lakeland Home Innovations is part of The AMO Group, which includes the commercial security brand AMO Security.

The AMO Group was founded in 1989 by the late Peter Hudson to manufacture and supply Roller Shutters, Steel Doors, Security Grilles, Shop & Garden Awnings as well as Garage Doors to commercial, industrial and domestic clients nationwide. The business has remained in the family and has gone from strength to strength under the management of Andrew and Rachael Crookes (Peter's daughter).

The company has recently expanded its Yorkshire head office to accommodate additional manufacturing space for its garage doors, roller shutters, patio roofs and awnings.
